

Riverview Apartments all let

Given the shortage of high quality homes to rent in Dunblane, the five apartments in Riverview (DDT's building in the High Street) were all let when the building was completed and the rental income is now covering all DDT's outstanding liabilities.

The restaurant premises have been the subject of considerable interest but the current economic climate is causing businesses difficulties with capital investment, particularly for start-up ventures which we are trying to encourage.

DDT is investigating ways in which we can assist potential tenants further with the initial capital costs involved and we remain confident that the premises will be leased and open for business in 2012.
